The Certified Nurse Examination Series prepares individuals for licensing and certification conducted by the American Nurses Credentialing Center (ANCC), the National Certification Corporation (NCC), the National League for Nursing (NLN), and other organizations.

Who says preparing for the NCLEX has to be boring? Using colorful illustrations and fun mnemonic cartoons, the *Illustrated Study Guide for the NCLEX-RN Exam, 10th Edition* brings the concepts found on the NCLEX-RN to life. This new edition is written in a concise outline format to make studying easier, and the Evolve companion website includes approximately 2,500 NCLEX exam-style review questions, including alternate item formats, allowing you to create practice exams, identify personal strengths and weaknesses, and review answers and rationales with new content covering culture and spirituality. This study guide gives you a robust, visual, less intimidating way to remember key facts for the NCLEX exam. 2,500 review questions are now included on the Evolve companion website, adding more 200 questions to the total on the previous edition. Unique mnemonic cartoons provide a fun, easy way to review and remember key nursing concepts and disease processes. Unique, integrated systems approach incorporates pediatric, adult, and older adult lifespan considerations in each body system chapter. Unique appendixes for each chapter summarize medications and nursing procedures for quick reference. Alternate item format questions on Evolve prepare you for the interactive question types on the NCLEX examination, including priority, drag and drop, and hot spot. Illustrated point-and-click questions, test alert boxes in the book, highlight key concepts frequently found on the NCLEX examination. Answers and rationales for all review questions show why correct answers are right and incorrect options are wrong. Separate chapters on pharmacology and nursing management help students to focus on

these areas of emphasis on the nclex examination nursing priority boxes make it easier for students to distinguish priorities of nursing care pharmacology tables make key drug information easy to find with high alert medications noted by a special icon special icons distinguish pediatric and adult disorders and identify content on self care and home care new updated content reflects the most recent nclex rn test plan and incorporates important clinical updates new 25 additional illustrations and mnemonics make the book more appealing than ever to the visual learner new chapter on culture and spiritual awareness addresses the addition of culture and spirituality to the integrated processes in the nclex test plan new nursing management and ethical legal concepts divided into two chapters emphasize the increasing amount of administrative duties nurses face and the importance of management of care on the nclex new priority concepts added to the beginning of each chapter assist you in concept based nursing programs in focusing on priority concepts for each chapter

get ready to pass the nclex pn with confidence and launch your nursing career this comprehensive study guide covers all key content areas tested on the exam including pharmacology safety and infection control physiological adaptation psychosocial integrity and health promotion each chapter breaks down complex nursing concepts into simple easy to understand lessons reinforced with clinical examples charts and summaries you ll also find proven test taking strategies critical thinking exercises and quick review sections to help you retain information and stay calm under pressure perfect for practical nursing students who want to study smarter and succeed on their first attempt

cci s newest edition of the cnor exam study guide is loaded with updates of all the useful content and critical thinking activities that have made this one of the most popular test preparation resources for individuals or groups studying for the cnor exam the 3rd edition is based on the most recent cnor exam content outline and features a dedicated chapter to each of the cnor exam nine subject areas the updated content references the most current editions of aorn s perioperative standards and recommended practices alexander s care of the patient in surgery and berry kohn s operating room technique which are among the top references used for the cnor exam
